

# TP38

## Thermal Ticket Printer

- With the Pos & Office TP38 thermal receipt printer, you can print your receipts quickly and efficiently, thanks to its printing speed of 220mm/s.
- The TP38 printer has an automatic cutter that allows you to separate the tickets effortlessly and with a professional finish.
- The TP38 printer has a lifecycle of more than 1.5 million cuts, which guarantees optimal durability and performance.
- Get more benefits thanks to its compatibility with 3" thermal paper, a standard and economical format that allows you to save on consumable costs.
- The TP38 printer is ideal for use in supermarkets, convenience stores, gas stations, pharmacies and other retailers that need to issue tickets quickly and reliably.

- 3" Thermal Printer
- 1.5 million cuts
- USB, Ethernet

## Technical Specifications

### GENERAL CHARACTERISTICS

Interfaces  
1x USB 2.0 Type B  
1x RJ45 LAN  
1x Exit for cash drawer  
Status display  
Energy Error  
Lack of paper  
Memory  
RAM 80Kb  
Flash 320Kb  
Input power  
Input: AC110V-220V 50/60HZ  
Output: DC 24V, 2.5A.  
Drivers  
Windows / Linux / Mac OS / Android  
Line space  
3.75mm (adjustable by command)  
Barcodes  
1D:  
UPC-A, UPC-C, Code 39, Code 93,  
Code128, Codebar, EAN8, EAN13, ITF  
2D:  
QR code, PDF417  
Auto Cut  
Partial  
Dimensions (Length × Width × Height)  
160mmX135mmX121mm  
Weight  
0.75Kg

### PRINTING PARAMETERS

Printing method  
Direct Thermal  
Resolution  
203dpi (8dots/mm)  
Print width  
72mm  
Print speed  
220mm/sec  
Emulation  
ESC/POS Command

### RELIABILITY

Print head life  
100km  
Cutter life  
1,500,000 cuts  
Operating Temperature  
0°C to 45°C  
Humidity 10% to 80%, non-  
condensing  
Storage temperature  
-10°C to 50°C  
Humidity 10% to 90%, non-  
condensing

### PAPER

Kind of paper  
Continuous roll of thermal paper  
Paper width  
80mm  
Roll volume  
80m  
Paper feed direction  
Upward  
Paper thickness  
0.06-0.08mm
