

KD215W

Kitchen Display System (KDS)

A Kitchen Display System, also known as a KDS, is a digital terminal that replaces printed or handwritten orders in commercial kitchens.

The KDS reinvents traditional kitchen ordering and automatically retrieves tickets submitted by POS systems.

Avoid lost or misordered orders and promote organized kitchen operation. Ideal for businesses to simplify communication.

The Pos & Office KD215W model resists high temperatures, has a robust heat dissipation system and screen protection to prevent liquid spills.

By having VESA support, it is possible to mount the screen in a simple way in the restaurant kitchen.

- 21.5" touch screen
- J4125 or Core i5 1135G7
- Resists splashes

Technical Specifications

PERFORMANCE

Processor
Option 1: Celeron J4125 up to 2.0Ghz
Option 2: Core i5 1135G7 up to 4.2Ghz
OS
Without pre-loaded OS (available for Windows 10 and Windows 11)
Memory
4GB/8GB RAM DDR4
Storage
64GB/128GB SSD
Screen
21.5" TFT-LCD
Touch panel
Touch PCAP (10 points)
Resolution
1920x1080
Bright
300nits
Aspect ratio
16:9
Speakers
2x 2W

ENVIRONMENTAL

Operating temperature
0 to 50°C
Storage temperature
-15 to 60°C
Spill resistance
Yes
Application
Indoors

PHYSICAL CHARACTERISTICS

Dimensions
530mm x 325mm x 53mm
Weight
6kg
Color
Black
Construction of the structure
Full metal structure
Interfaces
4x USB2.0
2x USB 3.0
1x LAN
1x VGA
2x COM RS232
1x PS/2
1x Power Switch
1x DCin
Connectivity
Built-in Wi-Fi
VESA compatible
Yes, 75x75mm
