

All-in-One Point of Sale Solution: POS1 by Pos & Office

Dual Screen for a Rich Experience

The Pos & Office POS1 is designed to maximize point-of-sale efficiency with its 11.6-inch main capacitive touchscreen, offering a 1366x768 resolution for a clear and precise visual experience. Complementing user interaction, a second, customer-facing 4.3-inch display provides additional information, ideal for displaying promotions or purchase details, enhancing the user experience.

- **11.6" Capacitive Touch Screen**
- **3" Thermal Ticket Printer**
- **2D Imager Barcode Scanner**

POS1

The most innovative compact size all-in-one solution on the market

Powerful Cross-Platform Performance

Equipped with advanced processors, the POS1 offers both Android and Windows options. Android users will enjoy the power of the Rockchip RK3568, while Windows users can utilize the Intel J6412 processor. With a choice of Android 11 or Windows 11 Pro operating system, this device adapts to various business needs, ensuring smooth and reliable performance.

Data Capture and Printing Integration

The compact POS1 AIO features an integrated QR code reader, allowing for fast data capture. Additionally, its 80mm thermal printer with auto-cutter function, which reaches a print speed of 150mm/s, ensures fast and efficient transactions, improving productivity at the point of sale.

Wireless Connectivity and Integrated NFC

With support for both Wi-Fi and Bluetooth, the POS1 all-in-one device offers robust wireless connectivity to keep your operations always connected. NFC integration facilitates fast and secure payments, aligning with modern contactless payment trends.

Robust and Elegant Design

Constructed from a combination of ABS plastic and aluminum alloy, the POS1 all-in-one terminal is as robust as it is stylish. Weighing 3.75kg and featuring ultra-compact dimensions, its design is not only sturdy but also aesthetically pleasing, fitting seamlessly into any retail or restaurant environment.

The Pos & Office POS1 is the ideal solution for businesses looking for an efficient all-in-one device, with a modern design and advanced features for superior performance at points of sale.
