

AI120

All In One Terminal

- Are you looking for an efficient, modern and versatile solution for your business? Then you can't miss the new All In One AI120 Terminal from Pos & Office, the leading brand in the smart terminal market.
- The AI120 is an all-in-one device that offers you the possibility to choose between the Android 11 or Windows 11 operating system, depending on your preferences and needs. In addition, it has a main 11.6" screen and the option to add a second 11.6" screen, ideal for displaying information to the customer or for working more comfortably.
- The AI120 has a compact design that fits in any space, and a metal construction that makes it robust and durable.
- If you need to print tickets, the AI120 offers you the option of incorporating a 3" ticket printer integrated into the equipment, as well as an optional 2D barcode reader, to facilitate the collection and management of your inventory.
- The AI120 is the perfect terminal for retail stores, grocers, supermarkets, pharmacies, convenience stores, convenience stores, collection networks and any other type of business that requires a fast, secure and reliable solution.

- 11.6" touch screen
- 3" printer (optional)
- 2D QR reader (optional)
